

# demiurge : project flow

sculptural fabrication

\*This flow chart represents a typical project at Demiurge LLC. This project flow template can be modified to suit the project. 1) The Non-Disclosure Agreement protects the construction and structural design property of Demiurge LLC until a Design Contract is entered into by Client and Demiurge LLC. It does not assume responsibility to the Client to enter a Design or Fabrication/Installation Contract. Go to: [www.demiurgedesign.com/NDA\\_Sample](http://www.demiurgedesign.com/NDA_Sample) for an example of our standard NDA. 2) This is a rough estimate which is only used to ensure that both the Client and Demiurge LLC are using equal assumptions of the scale and scope of the project. 3) To view a sample contract Go to: [www.demiurgedesign.com/Contract\\_Sample](http://www.demiurgedesign.com/Contract_Sample).
